Section 1 – Introduction

This directory provides a list of Jefferson Health Plans' network providers.

You will have to choose one of our network providers listed in this directory to be your **Primary Care Provider (PCP)**. Generally, you must get your health care services from your PCP.

The network providers listed in this directory have agreed to provide you with your health care, vision and dental services. You may go to any of our network providers listed in this directory. If you have been going to one network provider, you are not required to continue to go to that same provider. You do not need a referral from your PCP to see a specialist.

Important note to dual-eligible members: If your cost-sharing is paid by the Medical Assistance program, you must choose a PCP and other providers who are in our network AND participate in the Medical Assistance program. These providers are marked with a triangle symbol in this directory. If you receive services from a provider who does not accept Medicaid, the Medical Assistance program will not pay him or her and you may be responsible for any cost-sharing amounts. **Always show both your Jefferson Health Plans card and Community HealthChoices or other Medicaid card when obtaining health care services.**

You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers, neither Medicare nor Jefferson Health Plans will be responsible for the costs.

However, members of Jefferson Health Plans Prime, Complete, Giveback, Platinum and Silver plans can choose to see out-of-network specialists, as long as the provider participates in Medicare. Members who use this point-of-service option will be responsible for 20 percent coinsurance rather than the plan's in-network cost-sharing.

Emergency care

In an emergency, you should seek the help you need from the closest available provider. Call 911 or visit the nearest emergency room. Then call or have someone call your PCP so he or she can arrange follow-up care for you. A medical emergency is when you believe that your health is in serious danger, and it's important to get care right away. You may have had a bad injury, a sudden illness or an illness that is quickly getting much worse.

Out-of-area and other urgently needed care

Urgently needed care is care you need for a sudden illness or injury that is not an emergency. In most cases, this is care provided when you are temporarily away from the Jefferson Health Plans service area, or when your PCP is temporarily unavailable. These services must be medically necessary and required immediately due to an unforeseen illness, injury or condition. For urgently needed services, please call your PCP first, if possible, before seeking other care. Our network includes a number of urgent care centers and walk-in clinics that can provide services.

If you receive emergency or urgently needed care while out of the service area, we prefer that you return to the Jefferson Health Plans service area to receive follow-up care through your PCP. We will cover medically necessary follow-up care out of the service area, however, as long as the care continues to be urgently needed, or if returning to the service area would jeopardize your health.

If you get a bill

If you receive a bill for services from a provider who does not participate with Jefferson Health Plans, please open it right away but do not pay the bill. Make sure that the bill includes your name and Jefferson Health Plans ID number as shown on your Jefferson Health Plans membership card. Make a copy of the bill for your records, if you wish. Mail the original bill to:

Attn: Member Claims
Jefferson Health Plans
1101 Market Street, Suite 3000
Philadelphia, PA 19107

We will process the bill and/or advise you if you have any liability for payment.
